

*Horses are amazing animals that can teach us trust, acceptance,
how to live in the present, and how to manage both scary and challenging situations.
As prey animals, horses also possess energies that gravitate toward
peace, safety and the well-being of their kind.*

- **Absolutely no horse experience is needed, and there is no riding involved.**
- **Two horse handlers and the facilitator are present at all times.**
- **Those in a wheelchair are encouraged to engage in this experience. Just let us know when you register.**

This experience is open to caregivers and those with chronic disease, age 18 and older and will take place outdoors and in the horse barn.

Facilitator, Dottie Kleusener, a life-long educator, has over 15 years experience of caring for and learning from horses. She is an **Advanced Approved Instructor** through **Epona Equestrian Services of Tucson, Arizona**. *Epona* is an equine-facilitated learning process that helps people gain insight into, and connect with, their emotional wellbeing.
